- **Jason's Deli/pre game dinners:** this is still being worked. Discussion of a vendor used for the football team. Coach Soto will ask Coach Lewis for more information or a contact
- **Ledger Review:** revenue and expenses were detailed by Stacey Gould. \$835 in the account. \$4K carryover from last year was used to sod the field, practice pinnies, rebounders, and field set up. Revenue from a Chipotle donation.
- **Announced request move from AISD school cash online system to Parent Booster:** cons of AISD system include limited to 1 fundraiser a year, process for purchase and reimbursement is a long timeline, high volunteer time commitment for reconciliation. Pros is the process is vetted and it is free. Cost for Parent Booster is \$495 setup and \$395 annual maintenance. There were some concerns for the process with managing the account. *Follow up notes (not included in the discussion): It will require a change to the by laws requiring 2 signatures for transaction, not being able to reimburse self, third party end of season reconciliation, etc.*
- **Fair share fundraiser:** fair share for each family is \$300. It is a requested donation - more for families who are able and less or none if not able. A link will be sent out for School Cash OnLine. The items we wish to secure for the 2022-2023 season are shown below.
